Unacceptable. They have never used my product or been in my discord, you get a receipt number when you subscribe, they don't have one. We have never spoken. How can they review me if I have never spoken with "havasu" or whatever the fuck it was.

Cyber.gov.au/report CIRS-20240906-104

Help them push me to suicide, leave the lies up, I dare you cunt.

Seriously, open your fucking eyes.

Hi legionkillfeed.xyz,

Thanks for your inquiry about the [review](#) by havasu, which you recently flagged as not based on a genuine experience.

The assessment

When a review is flagged for this reason, we no longer ask the reviewer to provide documentation of their experience. Instead, we run it through our new detection software that analyses various factors, including:

- Reviewer history (e.g., number of previous reviews, past invitations to review other businesses),
- Other suspicious patterns detected by our [fraud detection software](#).

If the software determines that the content or the reviewer is suspicious, the review is taken offline; if not, it stays online.

The decision

In this case, we've assessed the review for the reason you flagged it and determined that it follows our [guidelines](#). Therefore, we'll keep the review online.

Keep in mind, a reviewer who's had a [genuine experience](#) may not have purchased anything. They could have made contact with your business another way, e.g. they may have browsed your website or had an online chat with your business.

Tell your side of the story

You can always [reply to this review](#) to help win respect and credibility. Replies appear alongside the review, so readers get the full picture from both a company's and reviewer's point of view.

If you have any questions or think we've made a mistake, please let us know by replying to this email.

Thanks,

Content Integrity Team
