Z Doneskies disagreed with your update request

On August 9, 2025, you asked Z Doneskies to move their review to the correct domain.

The reviewer hasn't updated their review as they disagreed with your request.

Main developer bans and curses out...

*Main developer bans and curses out people who ask simple questions that are NOT in the FAQ. The bot is good when it works but it hasn't done that very well in 2 weeks. You would think that as a bot service that accepts money; the developer would show at least an ounce of respect to those who use and pay for his bot. It was just a sad sight to see. Hopefully his attitude can change and his bot can thrive once again, before it's too late. EDIT: I stated that I have had no interaction with your *server* not the bot. Typically reviews are based on an individuals experience with the product and not about how much they "know" about it.*
