It doesn't look like you are employing a single human who knows how to read an email before responding. Sucks to be you though, because your ridiculous routing advice isn't superior to law. You're on legal notice, so please, continue refusing to remove the content naming my business as associating with pedophiles while a deranged drug addict with Nazi tattoos calls me a pedophile, I've already got your repeated refusal to even read any support messages, voice recorded, screenshotted, catalogued and added to a 1500+ file archive that will be used in pursuing legal action. I've lost 50% of my customers thanks to your blatant, illegal and immoral behavior so far.

I'd find it ironic but frankly, I'm ready to just kill myself and be done with this shit.
