This is a follow-up to your previous request #61691061 "Re: Non-DSA Appeal Request: 1428298066137583737"

Right, I'm done dealing with this shit when not a single fucking platform behaves in an appropriate or legal manner, so, I'll just do what these cunts have been telling me to do then and just kill myself? Don't worry, I'll be sure to record a video naming discord, meta, trustpilot and reddit for their illegal behavior involved in this 3 years of harassment I've put up with ON YOUR PLATFORM.

It's great to know this is how you treat developers who chose to create things that enhance your platform. That will be mentioned in any videos made relating to this so the whole gaming community knows you scum fucks couldn't give enough of a fuck to even read my tickets.
