Hi,

Thank you for contacting us.

We have reviewed your request related to your personal information from third parties being used to develop and improve AI at Meta.

Information from third parties includes what is publicly available on the internet and licensed information that someone else owns and gives Meta permission to use. In general, personal information is information about you. Examples include your name, home address, phone number or email address.

When we do get personal information as part of this information from third parties, we don't specifically link it to any Meta account, and the information is not stored in a way that allows Meta to identify which information belongs to a particular person. This is why we don't provide the ability to access, download, correct or delete your personal information from third parties that may be used to develop and improve AI at Meta.

However, if you have an additional concern about your personal information being included in a response from an AI at Meta model, you can let us know by responding to this email.

We're looking into your report, and it looks like you would like to object to Meta using the information you've shared on our Products and services to develop and improve AI at Meta.

We have received your request and are keen to take action on it. However, we first need to verify your identity. This is important as we need to ensure we are corresponding with the owner of an account on one of Meta's Products or services.

We need you to log into your active Facebook, Instagram, or Meta account so that we can conduct this verification.

Once you are logged in, you will find the appropriate contact forms using the links below.

If you want to log into your Facebook account to submit your request:
