Edward Anthony Griggs Jr. left a new review

Hi Anthony Brodie,

Edward Anthony Griggs Jr. just left a new **1-star** review of [killfeed.co](#):

I strongly advise caution when dealing with this company. Over an extended period of time, I and several others in the DayZ community have been targeted with false and fabricated allegations that are being publicly spread online. These claims include manipulated or altered screenshots and completely untrue narratives that have caused real stress and disruption within the community. Instead of resolving disputes professionally, this individual has chosen to publish defamatory content on external websites and social platforms, attempting to damage reputations rather than operate a legitimate service. None of the accusations being circulated are true, and no credible evidence has ever been provided — only edited or out-of-context material spanning several years. This behavior raises serious concerns about ethics, trustworthiness, and professionalism. A service provider in this space should focus on stability, support, and community building — not harassment, false narratives, or intimidation tactics. Based on my experience, I

would not recommend using this service. There are far more reliable and professional alternatives available that do not engage in this kind of conduct.
