Edward Anthony Griggs Jr. just updated a review

Hi Anthony Brodie,

Edward Anthony Griggs Jr. has updated their 1-star review of [killfeed.co](#):

I would advise others to proceed with caution when considering this service. Based on my experience and observations within the DayZ community over time, there have been ongoing disputes and public claims circulating online that have created confusion and unnecessary tension. Much of the material shared appears to rely on selective or out-of-context information rather than clear, verifiable facts, which makes it difficult to assess credibility. Rather than addressing concerns privately or professionally, communication around these issues has often taken place publicly on external platforms. This approach has made it challenging to resolve matters constructively and has raised questions for me about professionalism and accountability. When choosing a service provider in this space, stability, transparency, and respectful engagement with the community are essential. Based on my experience, I do not feel confident recommending this service and would encourage others to carefully research their options before proceeding.
